

# Idle Minds

Cherryholmes

Will somebody hear me out  
Listen to what I have to say  
I speak about a secret crime  
That happens day to day

He comes upon us from behind  
And right before us, boldy walks  
He searches for the idle minds  
And whispers evil thoughts

[Chorus:]  
He's not a thing that you can see  
Although he plays before our eyes  
He's watching over you and me  
His presence is denied

Be wary of your idle mind  
The Devil's waiting  
He's been around since time began  
And strolls among our midst with ease

I've seen him turn the best of men  
And bring them to their knees  
He ever lingers by our side  
And works around us, blending in

In many men, he'll try to hide  
And say he is a friend

[Chorus:]

[Bridge:]  
If you're letting your heart wander  
Be assured he'll take you on  
He will try to tear you under  
Tell you that all hope is gone

[Chorus:]
