

# Live Tonight

Cheryl Cole

Sometimes I just wanna be on my own  
Sometimes i just wanna be alone  
At times I only need the radio on (just the radio)  
But guess who's on the radio now?  
They got me pumpin' on the radio  
Turn off the stereo

[Chorus:]

I wanna live tonight  
I wanna feel alive  
Lets fall in love tonight  
And leave this world behind

Ding don din don ei

You some kind of beautiful thing  
Right now, I really want you  
Somehow lost in the night  
I found myself coming undone  
In the instant I decided you're the one  
And with the halo that are above your head  
I'm save in your arms

[Chorus:]

I wanna live tonight  
I wanna feel alive  
Lets fall in love tonight  
And leave this world behind

Ding don din don ei  
uuuuh uuuuh uuh  
(Ding don din don ei)  
uuuuh uh hh uuh

[Chorus:]

I wanna live tonight  
I wanna feel alive  
Lets fall in love tonight  
And leave this world behind
