My Heart Stood Still

Chet Baker

I took one look at you That's all I meant to do And then my heart stood still

My feet could step and walk My lips could move and talk And yet my heart stood still

Though not a single word was spoken I could tell you knew That unfelt clasp of hands Told me so well you knew I never lived at all Until the thrill of that moment When my heart stood still

I took one look at you That's all I meant to do And then my heart stopped right there

My feet could step and walk My lips could move and talk And yet my heart stood still

Though not a single word was spoken I could tell you knew That unfelt claps of hands Told me so well you knew I never lived at all Until the thrill of that moment When my heart stood still
