

# Everything I Wanted

Chet Faker

Silver tongue told me to  
believe in the truth,  
Cos I'm young he won't let it go  
Problem with you, ohhh  
When it's done, it will be done  
If it stops, something's wrong  
When it's gone, I'll be gone  
If I sleep scared what comes...  
Gonna be myself right into falling

Sometimes I feel  
It's just a warning, it's all a warning sign  
Sometimes I feel  
It's just a warning, just a warning sign

It's only done long enough  
Believe me, it's all  
Cos I'm young, I won't let it go  
Believe in the tongue  
And we're done, and we're done  
And we're done, leave it right now  
And we're done, and we're done  
And we're done, leave it right now  
Gonna be myself right for falling

Sometimes I feel  
It's just a warning, it's all a warning sign  
Sometimes I feel  
It's just a warning, just a warning sign  
Sometimes I feel  
It's just a warning, it's all a warning sign (hold your breath)  
Sometimes I feel (I feel alright)  
It's just a warning, just a warning sign (hold your breath, hold your breath...)
