

I'd like to leave this  
In my youth  
Pick me up on your way  
Send away virus  
Drink sight is water  
Drink sight is water  
Watch him sell mugs to bikers  
To make a million dollars  
Place you stamp here  
Send out love letters  
C'mon enough said  
The skin on top his hands  
Has dried to red  
The words, want them touch them  
The nerve, why are you here  
Back off peer  
I am on top of this  
Back off peer  
I am on top of this back off  
I need to make decisions  
And I want to leave yea back off
