

# Rivers

Chevelle

I feel as though you want to live forever  
Borrow, beg and steal  
It takes much more than toes to swim across  
This river that we know  
I don't believe the scorpion would die  
Clever clever crows  
And till the light goes out I'll live in awe

So look inside  
New found demise  
So natural  
I'm slipping side, sideways  
Blind  
Fully out of line  
So natural  
I'm slipping side, sideways

Still friends with vices don't care for advice  
Send them off  
To all sinners and saints  
Lift your bottomless glasses and come  
It's all around  
Well, it's all wrong

So look inside  
New found demise  
So natural  
I'm slipping side, sideways  
Blind (blind)  
Fully out of line (line)  
So natural  
I'm slipping side, sideways

Sideways  
Sideways  
Sideways  
Sideways

Well it seems as though you want to live forever  
Well it takes much more than toes to swim across

And it's slipping  
Sideways  
Sideways  
Sideways  
And it's slipping  
Sideways  
Sideways  
Sideways

So look inside (inside)  
New found demise (found demise)  
So natural (so natural)  
I'm slipping side, sideways  
Blind (blind)  
Fully out of line (line)  
So natural (so natural)

I'm slipping side, sideways
