

Saturdays

Chevelle

We've lost the minds
We came to know
Like chattel out in the cold
We begged for months
We begged to know
Show kindness never found

Now we all belong
In the Saturdays of our youth
Cause we all have lost
So don't feel so aliened

We'd rise and fall
On pride and gain
Just defending ours, always defending ours
Well we must relate, know well we can't relate
We must relate, know well we can't relate

Now we all belong
In the Saturdays of our youth
Cause we all have lost
So don't feel so aliened

Feel this close
Just bring it closer
Closer, closer, let's see something new
Something new
Something new
Something new

Now we all belong
In the Saturdays of our youth
Cause we all have lost
So don't feel so aliened

Now we all
Now we all
Now we all
Now we all belong
