

## Tug-O-War

Chevelle

Feed the cut and get in line  
To live and burn is tug-o-war  
Raped  
Go back and forth until it's learned  
To suffer now or nothing's gained  
Then wake within a freezing sweat  
Push and pull, collecting doubt  
Starting seeds

Lost inspiration, panic on the rise  
A severed attempt ignored  
The reason never outweighs the truth  
So backing up and lean against  
The liars club cometh shame  
Wasting farther collecting doubt  
Starting seeds

So hand it off, don't care enough  
Cause ignorance, is in blissful reach  
Lost inspiration, panic on the rise  
A severed attempt ignored  
Lost inspiration, never played the game  
A severed attempt ignored  
Feed, the last head trip
