

# Two Door

Chevy Woods

[Intro]

That's how you know the weed is lit  
Big Duke brought the gin  
And the cups, and the lemonade  
It's TGOD, yeah  
Gang, now, nigga, I bang now  
Word

[Verse 1]

I got a thing for that paper, she got a thing for them bags  
Introduce her to the crib, she fell in love with the pad (word)  
My shoes kicked off, still spendin' old money  
My Easter white work from a foreign snow bunny  
Yeah winter came fast, but I killed 'em this summer  
All them hand-to-hands I did brought me bands and a drummer  
A hundred-round clip they just want to get it done  
If you grew up like this then you were sure to have a gun (swerve)  
Security slides on the project people  
Used to walk in and on the table was a ski slope  
All laced up, old heads in the Kaida  
Said a man is a man when he knows what he likes  
Throwin' rocks out a fuckin' jail cell every night  
Told myself if I'mma do it then I need the best price  
Lowest in the city, watch the coldest in the city  
On that DMX, it's all for the money, is you with me?

[Hook]

All this money spending, rosé bottles  
You ain't gettin' it, well that's your problem  
Open car service with the chauffeur driving  
She see all this money, she wanna get inside it

Baby, you fuckin' with a tailor, for real  
Diamonds pressed up against that wheel  
So tell me, how the fuck does it feel?  
When you fuckin' with a tailor, neighbor

[Verse 2]

These niggas talk money but ain't never wrote a check  
Bitch I'm pay-per-view, you in the ring with a vet (Floyd)  
Small gold chains for the occasion, more classy  
Rest in peace, Big, we did all this from ashy  
So to that let's toast  
It's getting' cold, Cap said "put on this coat"  
Yeah, same shit new money from it  
Yeah, fly whips from a fuckin' bucket  
Yeah, Big Red, nigga, keep it truckin'  
And if you don't know about it, why you speakin' of it? (Why?)  
You say that you close to the top  
I'm thinkin' "man, when will this nonsense stop?"  
That's cool, though, get your climb on  
But I'mma bomb first, I been gettin' mine on  
Get it? It's cool, man, get your climb on  
'Cause I'mma bomb first, 'cause I been gettin' mine on

[Hook]

[Outro]
