

Play Together

Chew Lips

Any way, any way the car goes
Any way, road is gonna turn
We'll pay, we'll pay the toll charge
We'll pay, then we'll have to learn

And we're ready but we didn't sign
Cuz you know it when it isn't right
Better look behind both eyes
Oh we're never getting out alive

Don't you know, don't you know we're trying
Don't you know, can't be here for long
Set it up, set it up to see you
Set it up, broken in a song

And we're ready but we didn't sign
Cuz you know it when it isn't right
Better look behind both eyes
Oh we're never getting out alive

And we're ready but we didn't sign
Cuz you know it when it isn't right
Better look behind both eyes
Oh we're never getting out alive

We're ready but we didn't sign
Cuz you know it when it isn't right
Better look behind both eyes
Oh we're never getting out
