

Everything To Lose

Cheyenne Kimball

I wish I had a wad of cash
I'd throw it in a hat and take a cab
And I'd roll all the way to you (yeah)
And if I could I would get there fast
Because I want this feeling to last
I think I'm in love with you (yeah you)

Ohhhh it's a beautiful thing
How you always try to make every little thing alright
And oh I am watching you be everything you are to me
And it tells me to hold on tight

I've got everything, everything
I've got everything for you
Oh I've got everything, everything
I've got everything to lose
Oh I've got everything
Everything to lose

I wish I had a four leaf clover
I could wish that this would never be over
I don't want to be away from you (yeah you)
And all my thoughts are lost in the dark
But I know they won't get very far
I'm in love with you. Yeah you!

Ohhhh it's a beautiful thing
How you always try to make every little thing alright
And oh I am watching you be everything you are to me
And it tells me to hold on tight

I've got everything, everything
I've got everything for you
Oh I've got everything, everything
I've got everything to lose
Oh I've got everything
Everything to lose

I wish I had a wad of cash
I'd throw it in a hat and take a cab
And I'd roll all the way to you

I've got everything, everything
I've got everything for you
Oh I've got everything, everything
I've got everything to lose
Oh I've got everything
Everything to lose
