

I Didn't Want

Chiara Civello

I heard them say
You're doing fine
You've found a heart
Better than mine
And now I wonder
Is she so beautiful?
And does she hug you
The way I used to do?
I heard them say
You've found a new place
With the greatest view
You can possibly face
Now I remember
The house we couldn't buy
Right by the river
Between you and I
You and I

Do you know
How hard it is to go
When you're still in love?

Life sometimes
Can change the game and roll the dice
When you didn't want
And I didn't want
Day by day
I'll be ok
I'll find myself
Just as they say
I'll cross the river
to the other side
Then I'll be your lover
And you, forever mine
Forever mine
