

Come To Me, Do

Chicago

Come to me, lonely
Come to me, blue
Come to me, weary
Come to me, do!
Yeah, yeah...

I will refresh you
Come to me, do
Come to me, often
I'll come to you
I'll come to you

Always in my heart
Always a song
This is the good part
You'll always know where you belong

Come to me, darling
Ooh, baby
Come to me, darling

Come to me, happy
Come to me, bad
Come to me, looking
What you ain't had

I will sustain you
Come to me, do
Come to me, often
I come to you
I come to you

You are the kind one
I've waited so long
How does one find one?
You always know where you belong

Come to me, darling
Ooh, ooh, baby
Come to me, darling

Come to me, darling
Come to me, darling
Come to me, darling...
