Loneliness Is Just a Word

You don't know how bad it's been Since you been gone Let me tell you how bad it's been Since you been gone

People speak but I don't hear Things all around seem so unclear I don't know

What will become of the need you turned off?

Loneliness is just a word So I been told Loneliness becomes a world That's very cold

People stare but they don't see All of the hurt that's inside me I don't know

Loneliness is just a word So I been told Loneliness becomes a world That's very cold

People stare but they don't see All of the hurt that's inside me I don't know, I don't know, I don't know Chicago
