

# Mama Mama

Chicago

I can feel the magic  
Suddenly it's all around  
I can see it clearly  
I can even hear the sound

It's all so new to me  
I'm not the same  
If this is love  
Then you're to blame, oh baby

Mama, mama when you look at me  
I see love in your eyes  
Mama mama softly sweet tender love in your eyes

You are all I live for  
Maybe that's enough to say  
And you're the one I wrote this song for  
Everywhere and everyway

It's all so new to me  
I'm not the same  
It's words I feel  
But can't explain, oh mama

Mama mama when you look at me  
I see love in your eyes  
Mama mama softly sweet tender love in your eyes

Mama mama, mama mama  
I really love you, I need you  
Mama mama, mama mama  
I really need you mama  
I really love you mama
