

## Memories of Love

Chicago

A warm summer night  
The moon above us  
The stars for a wish come true  
Are memories of love  
A motionless pound  
A beautiful swan  
The smell of flowers growing near  
Make me shed a tear  
Memories of love gone by  
Make me stop and cry  
Now I kneel and pray  
For the lord took her today  
And all that's left to think of  
Are memories of her love
