

Rockin' and Rollin' on Christmas Day

Chicago

He was peekin' through the window
We invited him on in
We gave him a drink and he said with a wink
"I needed that, my friend"
He said it's time to take a break
So let the good times begin
Cause there is music
And party till the end
Everybody was rockin' and rollin' on Christmas Day

Way too soon he said he had to leave
Had a long long way to go
The said
Well I'm flying tonight
The forecast is heavy snow
And I swear I saw that red-nosed reindeer
He looked me right between the eyes
So he snapped the reins and heard in a flash
And disappeared in the sky
Everybody was rockin' and rollin' on Christmas Day

Even Santa's reindeer was dancing on a boundless sleigh
When I see the jingle bells
They jingle all the way
Everybody was rockin' and rollin' on Christmas Day

Some people say that you don't believe me
But I as seen in you
I met the man and shook his hand
And every word I say is true

Everybody was rockin' and rollin' on Christmas Day

Even Santa's reindeer was dancing on a boundless sleigh
When you see the jingle bells
I said jingle all the way
Everybody was rockin' and rollin' on Christmas Day
Everybody was rockin' and rollin' on Christmas Day
Everybody was rockin' and rollin'
Just can't seem to control it
Everybody was rockin' and rollin' on Christmas Day
