

# Show Me the Way

Chicago

Flying so high  
Feeling so low  
Fill my empty heart  
Don't say no

Can I get through this night, with some lovin' to show?  
Won't you show me the way to go? I don't know

Won't you open your eyes?  
I know you really care  
You see these games you play  
They're just not fair

After all the good times and secrets we've shared  
Won't you show me the way to go? I don't know

I wanna take my place  
I wanna take my place  
I wanna take my place with the loved ones  
With the loved ones

Well, I still can't see  
How things were meant to be  
Love me even for one day  
I'll treat you like a lady

In my heart you'll stay forever you know  
Won't you show me the way to go? I don't know

Marching into your heart  
Marching into your heart  
Marching into your heart, yeah, yeah  
...
