

# Window Dreamin'

Chicago

Lookin' out by my window,  
Thinking 'bout you all the time,  
Wish you were here with me  
Right here by my side,  
'cause I'm window, window dreamin'  
'cause I'm window, window dreamin'

Every time I find myself on the road  
Miss you holdin' me tight  
Flop down in my easy chair,  
Makes me feel alright  
'cause I'm window, window dreamin'  
'cause I'm window, window dreamin'

(bridge)

Gigs are fun, when they're done,  
Feel so down, act like a clown,  
Company's great, but when it's late,  
I'm lookin' for the phone  
I feel so alone--so alone

Knowin' the way we both feel,  
O know you're always gonna be my friend  
Dig, your face, lord, it's real  
Someday I'm never gonna go again,  
'cause I'm window, window dreamin'  
'cause I'm window, window dreamin'

Gigs are fun, when they're done,  
Feel so down, act like a clown,  
Company's great, but when it's late,  
I'm lookin' for the phone  
I feel so alone--  
So all alone
