

## Daylight

Chicane

Is it daylight? I hardly ever notice  
I hardly feel the sun and I never feel anyone  
Is it daylight? I hardly ever notice  
I hardly feel the sun and I never feel anyone

And if you could hold me now, oh baby  
Then we could go around again  
And if you could hold me now, oh baby  
Then we could go around again

Is it daylight? I hardly ever notice  
I hardly feel the sun and I never feel anyone  
Is it daylight? I hardly ever notice  
I hardly feel the sun and I never feel anyone
