

# Down The Drain

Chickenfoot

Uh

Is that that new thing, Joe?  
It better be. Huh?  
Talk to me, chief  
It that it, Joe?  
Well, that's cool though, haha  
Alright

Sometime you gotta roll with it up front  
Some things are better left in a closet  
Some thing, just lay it on the table  
Sometime gotta stop, gotta pause it

Yeah, yeah

Well, she used to wake me up for breakfast  
Force feed me with a silver spoon  
Even do me when I'm dirty  
We let it roll till way past noon, wooh

Oh yeah, come on

Yeah, but all that's changed  
'Cause it's all down the drain, yeah

Oh, love came and went like lightning  
Just long enough to feel the heat  
Felt like the ninth world wonder  
Put the wings up under my feet

But all that's changed  
My whole world's been shaken  
And it's a low down, dirty shame  
'Cause it's all down the drain

Oh, I need love first thing in the morning  
I need love, baby, first thing in the evening  
I need love, ow, first thing in the morning  
I need love, love, love, yeah

Ho, oh, get it

All that's changed, wooh  
My whole world's been shaken  
It's a low down, dirty shame  
'Cause it's all down the drain

Down the drain  
Down the drain  
Yeah, yeah, yeah, yeah, yeah  
C'mon, c'mon, c'mon, c'mon, c'mon, c'mon  
Get it, get it, get it, get it  
Yeah, yeah, yeah, yeah  
Yeah, yeah, yeah, yeah  
Wooh

Oh, baby I need love first thing in the morning  
I need love last thing in the evening  
But it's all down the drain  
Yeah
