

Last Temptation

Chickenfoot

Well, I've been a sinner
All of my days
Been a certified hell hound
I changed my ways

Yeah, she crawled around the floor on her hands and knees
Rollin' on her back tryin' to show it to me
Long black hair swingin' outta control
All that temptation's messin' with my soul

Feel like Adam sittin' naked 'neath the apple tree
I don't wanna go there
It's like a forked-tongue serpent crawlin' all over me, yeah
I don't wanna go there, oh yeah

I've been a sinner
All of my days
Been a certified hell hound
I changed my ways

Smoke's so thick, you can cut it with a knife
She can make you real happy or ruin your life
All lubed up from her head to her toes
All this temptation messin' with my soul

Feel like Adam sittin' naked 'neath the apple tree
I don't wanna go there
It's like a forked-tongue serpent crawlin' all over me, oh
I don't wanna go there

Sounds like a 427 revvin' over the line
A hardcore stripper workin' overtime
Spilled like honeysuckle drippin' from the vine
The last temptation, bitch is blowin' my mind

I've been a sinner
All of my days
Been a certified hell hound
Well, but I changed my ways

Now I'm runnin' outta money, I'm runnin' on rum
Waitin' on somethin' that's never gonna come
I'm slippin' in the darkness, slippin' outta sight
Gettin' outta here in the middle of the night

Like Adam sittin' naked 'neath the apple tree
I don't wanna go there
Feel like a forked-tongue serpent crawlin' over me, oh
I don't wanna go there

It's like a hardcore stripper workin' overtime
I don't wanna go there
It's like the last temptation, bitch is blowin' my mind
I don't wanna go there

Hey, hey, hey
I don't wanna go there

No, I ain't gonna go there
I've been a sinner
