

# Learning to Fall

Chickenfoot

Lost in a sea of memories  
Learning to fly again  
Morning comes early oh oh oh  
Trying to trust these wings

Cuz when I fall  
I fall deep  
When I crawl  
I'll come running to you baby  
Running to you baby

Now I've gotta sort out these dreams  
Feels like watching your life on a big screen  
And morning comes early again yeah  
Only to find us two as one

When I fall  
I fall deep  
When I crawl  
I'll come running to you  
Running to you baby

When I fall  
I fall down deep  
When I crawl  
I'll come running to you  
Running to you baby  
Cuz I'm falling in circles oh yeah  
I'm falling down on my knees

Once as a child in my mothers eyes  
Oh Lord I swear it felt this way yeah

When I fall  
I fall deep oh yeah  
When I crawl  
I'll come running to you  
Running to you baby

When I fall  
Lord I fall I fall I fall down deep  
When I crawl  
I'll come running to you  
Running to you baby baby baby

Lord I fall I fall down deep  
When I crawl  
I'll come running  
I'll come running  
I'll come running  
Back to you baby baby baby
