

Be Alone

Childish Gambino

I don't wanna be alone, I don't wanna be alone, I don't
wanna be alone oh, oh, oh
I don't wanna be alone, I don't wanna be alone, I don't
wanna be alone oh, oh, oh
Cause ya know somewhere inside I cannot find the
feeling I got from you
No, somewhere inside I cannot find the feeling I got
from you

Hard for a pitchfork, soft for a Rockefeller
Music was my side chick but now we're moving in
together
Always felt misunderstood I guess I have to tolerate
My swag Jehovah Witness, dude, it never take a holiday
APC jeans, brown leather jacket on
Kitsuné cable knit, cardigan from Rag & Bone
Thick Filipino chick, homemade bracelet
Her booty make her just a rapper she ain't gotta say
shit

I'm someone they admire set the game ablaze, I'm an
arcade fire
Laughed at my rides like my motion was funny
Yes, ashy to classy, my lotion is money
The ride is easy when the dollar's there to grease the
wheels
Now everybody tell me what to do and how to feel
It seems the more I try to connect with the world
I am feeling more alone than I ever have felt before
I wanna pick up the phone ask my dad how to handle it
But what will happen when my dad's not there to answer
it?
I try to clear my mind of thoughts that only slow me
down
Like when these niggas call me faggot and we homies now
But we are not homies, I just keep you around
Cause all your talking is the noise I need to kill this
sound
Have all these voices telling me no one can help me out
We are alone I'm just the only one to figure out

I don't wanna be alone, I don't wanna be alone, I don't
wanna be alone oh, oh, oh
I don't wanna be alone, I don't wanna be alone, I don't
wanna be alone oh, oh, oh
Cause ya know, somewhere inside I cannot find the
feeling I got from you
No, somewhere inside I cannot find the feeling I got
from you

"You are the bestest, I will obey you"
These words I wrote for you when you were fucking other
dudes
The only thing I need from you now is some solitude
Actions over words, "girls will be girls", that's all
it proves
I used to be this guy sitting with an open heart

Now my computer screen's the only place I feel a spark
I don't fuck with fake bitches except for when I fuck
with fake bitches
Canon 5D to take pictures of these girls who wouldn't
talk to me a year ago
49er chick asking for money, she get zero though
Here I go again talking money, women, and clothes, and
cars, right?
You could switch all of my words out with Plies',
right?
People saying we're the same, please, come from under
me
We are just some rappers got no luxury of subtlety
No subjects when we're rapping, we say it like we hear
it
I put it on a track but I hope you get the spirit cause

I don't wanna be alone, I don't wanna be alone, I don't
wanna be alone oh, oh, oh
I don't wanna be alone, I don't wanna be alone, I don't
wanna be alone oh, oh, oh
Cause ya know, somewhere inside I cannot find the
feeling I got from you
No, somewhere inside I cannot find the feeling I got
from you
