

# I'm On It

Childish Gambino

Yes I'm on it, I'm so on it [x7]  
Oh, oh, oh

Okay, one for the money, two for the money  
I used to write jokes, ain't this shit funny?  
Models on me, yes these girls crazy  
Gotta take advantage that is what the fans made me  
Shine on these niggas, how these niggas stay shady?  
And if you don't see me, you are not star gazing  
Play my cards right, I may never meet the dealer  
And yes I'm in the building like a horror movie killer  
I gotta stay sick, I'd be dead if I was iller  
Is it weird going hard when these niggas goin' filler?  
Yep, my life is great, I changed my stars  
I re-arrange fate when I rap on bars  
Cheezy in the building, hope you niggas missed me  
Chilling with these bitches, got my nigga feeling tipsy  
Hate is mean mugging, face is sour like my whiskey  
I don't need a chaser, tell that liquor come and get me  
Who'd of thought this rapping make sense (cents), no  
50?  
And if you're doing great like I am, say it with me

Yes I'm on it, I'm so on it [x6]  
Oh, oh, oh

Yeah, I used to be broke, No Cash  
And them niggas played games, Road Rash  
Walking 'round NYU, looking for a dollar  
Too proud to ask my friends or my struggling father  
So I skate around the city for a couple hours  
Dreaming up a day that I could say this world is ours  
Now I got some, but I want it all  
And I won't stop until Rihanna gives my ass a call  
And I know that I'm addicted to this alcohol  
Cause this shit hurts, call it the uncle curse  
But I'm living for the moment, not the long haul  
And I refuse to slow down until it's last call  
Erica Keeps telling me to grow a conscience  
And treat women like money, no object  
But these hoes are a much different story  
Straight laced chicks don't do nothing for me  
I'm in a weird place, I got a little money  
But money won't buy you time  
If all the time is running from me  
There's so much I wanna do  
Like write a script or write a book  
Get an hour on HBO, and date a girl who likes to cook  
And stop having all of these crushes  
On all of my friends girlfriends  
I think I'm jealous they got someone when the world  
ends  
It looks nice, I gotta get me one of those  
I haven't found Mrs. Right  
But I'm on it though  
Yeah I'm on it though

Yes I'm on it  
Yes I'm on it, I'm so on it. [x3]  
Yes I'm on it
