

## Samantha

Children 18:3

Samantha put down the gun  
The silence here is suffocating  
Samantha put down the gun  
We're overrun, we're overrun

Samantha put down the gun  
Our friends will not be lost forever  
Samantha put down the gun  
We're overrun, we're overrun

Samantha put down the gun  
The last of us will soon be leaving  
Samantha put down the gun  
We're overrun, we're overrun
