

Eyes of a Criminal

Chimaira

The rage has overcome
No more will I shun
These thoughts I've had
This lie I've lived
I let them put the blame on me
Engulfed in hate
Retaliate
You can't conceal these thoughts
You can't disguise this rage

You have
Overstepped
Your boundaries
Now I've got

I've got your back against the wall
Forever trapped
Staring though the eyes of a criminal

A broken home
Left alone
An excuse you used
Don't bullshit me
Save all the breath that you can breathe
Engulfed in flames
Incinerate
You can't conceal my thoughts
And you can't disguise my hate

Staring though my eyes
