

## Powerless

Chimaira

She lays there helpless  
Alone in the darkness  
My chest is so heavy with pain you can't describe  
Sliced, cut  
Why?  
Skin so raw  
I've never been so frightened, so enlightened  
What kind of god does this?  
We were so powerless  
Summertime we saw the king die  
Does anyone care?  
Living nightmares  
Breathing heavy as I remember those months  
Throat tightens  
I wish I were strong like you.
