Pure Hatred

Chimaira

I have told you things need to change You never listened or came to my aid The vicious cycle has not changed My time's spent rearranged

Motherfuck it all I can't stand this Remember when I said Everyone makes me sick Well nothing has changed

I hate (I hate) everyone (2x)

This vicious cycle still remains Constant clusterfuck, bloodstains Ignorance, you kill for God Expression not allowed

You fucked it up With your motherfucking games Remember when I said I was so ashamed Well nothing has changed I hate (I hate) everyone (2x) I hate (2x)

You have to Pick and choose your fights You have to Come out of this alive

I have told you things need to change You never listened or came to my aid The vicious cycle still not changed My judgment fades away

You'll never change me Remember we are through I am staying here To betray all of you And nothing will change

I hate (I hate) everyone (4x) And I hate, and I hate EVERYONE!!
