

## This Present Darkness

Chimaira

In this present darkness  
I fall upon broken knees  
Crawl through weight depression haunted by and unborn ghos  
tI'll never know your fears  
Never see me in your eyes  
Curse the one that stole your name from  
Me this is the monster that they create from second of your con  
ception  
Minutes leading to death sentence will shackle me and turn eyes  
red  
I will constantly endure the pain of your creation  
How can I lie awake grace  
How can I lie awake my love  
Will stay dead in this present darkness  
I fall
