

# How Do I Get There From Here

China Anne McClain

I took a step into a new direction  
Following my heart this time and not my head  
But everything I'm feeling now I question  
If I'm wrong..... What's next.....  
Is there another road that's left.

Tell me where it is cuz I can't see it  
Every bit of faith that I believed in  
Every single smile has disappeared  
Now it feels like someone  
hid the sun where I can't find it  
There has to be a world with life this clear  
But How do I get there from here

If I can take the earth and spin it backwards  
I can change every mistake  
I've made  
But since I'm stuck here only after  
I'm feeling lost and afraid  
There's got to be a better place

Tell me where it is cuz I can't see it  
Every bit of faith that I believed in  
Every single smile has disappeared  
Now it feels like someone  
hid the sun where I can't find it  
There has to be a world with life this clear  
But How do I get there from here

Cuz where I am It's just getting to hard to breathe  
Oh it's so hard to breathe

Tell me where it is cuz I can't see it  
Every bit of faith that I believed in  
Every single smile has disappeared  
Now it feels like someone  
hid the sun where I can't find it  
There has to be a world with life this clear  
But How do I get there from here

But How do I get there from here
