

I Got My Scream On

China Anne McClain

Ehhh, ehheh, ehheh

Lost in the dark it's midnight, midnight
Stuck in between I can't hide, can't hide
Everywhere I turn they're out to get me on their side
I'm freaking out in
M-M-M-M-My mind

There's something in the air
Shadows everywhere
Never been so scared beware, beware-e-e-e-re

I got my scream on
I feel that vibe on, yeah
I'm torn between that and here
I got to choose which side
I'm on before the break of dawn
Yeah
I got my scream on

Creeping around this madness, madness
No horror flick can top this, top this
Even in my heart they got me solder rivider
Got to take control just st-o-o-o-p it

There's something in the air
Shadows everywhere
Never been so scared beware, beware-e-e-e-re

I got my scream on
I feel that vibe on, yeah
I'm torn between that and here
I got to choose which side
I'm on before the break of dawn
Yeah

I got my scream on
I feel that vibe on, yeah
I'm torn between that and here
I got to choose which side
I'm on before the break of dawn
Yeah

I just got to scream
I just got to scream
Yeah I just got to scream out
I just got to scream

I got my scream on
I feel that vibe on, yeah
I'm torn between that and here
I got to choose which side
I'm on before the break of dawn
Yeah

I got my scream on
I feel that vibe on, yeah
I'm torn between that and here
I got to choose which side

I'm on before the break of dawn
Yeah
I got my scream on
