

My Crush

China Anne McClain

Na na na na na na na
Na na na na na na na

His name is written above my heart
Like he fell from the stars
And when he says, "Hello," I can't deny
That I want him to be mine

He's the sweetest kind of guy
The sweetest kind of guy
The more I get to know him
Well the more I cannot hide
That he's on my mind every single day-ay
Hope he never goes away

My crush has got to be the real thing
I love how good that I've been feeling
I'm dreaming head over heel and
Over my crush, my crush, my crush

Na na na na na na na
Na na na na na na na

Oh, he knows me better than I know myself
With every word he says I melt
I've been looking for someone to share my everything
And I finally found my dream

I can't wait to see his face
Wait to see his face
When he looks at me like that
Oh, I feel like I can faint
I've got butterflies and they're flying all over the place
Hope I always feel this way

My crush has got to be the real thing
I love how good that I've been feeling
I'm dreaming head over heel and
Over my crush, my crush, my crush

My crush has got to be the real thing
I love how good that I've been feeling
I'm dreaming head over heel and
Over my crush, my crush, my crush

When I see him, I go crazy
Can't control emotions lately
When our eyes meet, my heart's flying
Up above the clouds I'm gliding
All I know is I'm so happy
Out of everyone he gets me

My crush has got to be the real thing
I love how good that I've been feeling
I'm dreaming head over heel and
Over my crush, my crush, my crush

My crush has got to be the real thing
I love how good that I've been feeling
I'm dreaming head over heel and
Over my crush, my crush, my crush

My crush has got to be the real thing
I love how good that I've been feeling
I'm dreaming head over heel and
Over my crush, my crush, my crush
