

## Always

## China Crisis

You do you  
do for me  
like no-one else  
no-one else can  
do for me  
only for me  
nobody else  
no other man

Stop wait a minute  
while I lay down and give in  
deep down deep  
down inside, down inside  
always, in many ways  
making waves, better days

Deep down deep  
down inside  
there's no place else  
I'd rather be  
no place else  
in this world  
I'd rather be  
you do for me

Stop wait a minute  
while I lay down and give in  
deep down deep  
down inside, down inside

Jealousy and hate  
reside inside of me  
all they do is hate  
and break us in two
