

It's No Compliment

Chinawoman

If I'm quick to offer my love
It's just cause I don't believe
Sometimes I get the suspicion
My love is a mockery

But for you I want to be real
And let you in on the deal

Come and tell me the one thing
You don't want me to know
It's always the only worthwhile
Topic of discussion

Cause it's no compliment
To be the perfect lover
To not share your confusion
It's no compliment

And if we are brave and confess
We're not in love anymore
We're united in our fuckedupness
Naked upon the floor

Cause it's no compliment
To be the perfect lover
To not share your confusion
It's no compliment
