Dark And Light

Chinchilla

Black eyes Blue eyes Morning face the truth Don't turn Out the light I have lost my mind I give You take This life I have begun Sweet kiss Hot kiss You're the girl I used to love Love keeps coming, like warriors will die Playing with our years, one minute Disappears Waiting for you... waiting for you... Waiting for your last call Ride between dark and light Ride between dark and light Decry me Deny me Running to you tonight Bad lies Heart cries Let me see inside No time No crime These things pull me down Sweet kiss Hot kiss You're the girl I used to love
