Gangsta as a Cadillac DeVille wit fo's  
This for all my thundercats that feel my flow  
To slang weight, my young guns will steal ya o's  
Catch a bellin down Lukerson & Hunt de-real a ho  
In ya top piece, suburb mart, ya not street  
I know fools from Wilson that'll whack ya, ya got beef  
Used to go to Skate King back when bangin was in  
And if the fiends aint have 20, we would slang it for 10  
Drankin' the gin, posted on the corners at night  
Sparkin pound while my homies in the street, slapped right  
Ride bikes, patrolin' the hood, keepin' out cops  
Regals and drops, reppin' cuz beak in my block  
Wild like rocks, my mentality got from my pops  
And saints, bustin back in '90 hope you got from the shots  
Put it down for the town and I gang wit us  
St. Louis did it derty, throw yo hood up did you know we from the.

[Verse 2: Tity-Boi]  
Tity-Boi, Southside  
Bad limp, fo' 5's on the hip  
Don't know why I'm known to slip when I get high  
One time but no more, won't sleep until the mornin'  
Somebody need to take the trash out and I'ma do the chores  
Softer than a cactus, put it on like actors  
Hustle in the shadows on the bricks and they couldn't catch us  
Gat still tucked, in my waist by my price time  
Cuz my chain hang so low my tongue bang wit my pipe line  
Walk around, all day wit this beam like it's night time  
You can see em a mile away, but it'll touch ya from blind side  
Flipped it, first to finsih to the car, that's a nice ride  
Dig it, they spin they purchase round here they get kite high  
Deal it, it's my description, my picture, my composure plot  
This is how I get through 2 d's, niggaz!  
My side we ride my crew's, iller, iller!

[Verse 3: I-20]

Who done bust through the vapon yeah I'm hopin' to fight  
Start a brawl, I'll shut that bitch down on openin' night  
Let's fate, pull the bitches titties start on them dipes  
Cause we leavin' wit some hoes and yeah we startin' wit dykes  
Bet a thousand, shoot a thousand if you holdin' that bank  
I got the game on lock, you barely a holdin' tank  
Get drunk, get to shootin bust the whole club out  
Us thugs out, I'm tryin' to dumb out, 'til I get drunk out  
That's just the way I am, don't look down on me  
My gun's a open bar, free rounds on me  
And I'm an eastside nigga so I aint no punk  
I make the crowd get it crunk and do the eastside stomp  
Young Chingy let em know, that the deal is a fool  
And I'm a carpenter's dream, I'm in love wit the tools  
Lay low when the heat bust, off in the airr  
DTP, Cris squad and we runnin' this herre, it go
