

# Don't Say A Word

Chino XL

[Chorus]

(Don't say a word) just let me get mines  
(Don't say a word) just relax and recline  
(Don't say a word) I'm the king of ill lines  
(Don't say a word) and all my groupies and dimes  
(Don't say a word) keep it quiet, yo, don't say a word, son  
(Don't say a word) keep it quiet, yo, don't say a word, yo  
(Don't say a word) keep it quiet, son, don't say a word, yo  
(Don't say a word) keep it quiet, son

[Verse 1]

Yo, I'm rap's dirty little secret that they try to keep quiet  
Till you dropped off your label and your A&R fired  
But real niggas like "That's Chino, fuck around, he gonna burn ya"  
For real, I'm like a dead body coming for its murderer  
Shit, you seen Chino lately? You gotta see him  
What you get to make an album, I get in one day's per diem  
Go 'head and live careless  
Five years from now you'll be explaining to your childrens what welfare is  
I'm anxious to explain to my babies why Daddy famous  
I keep womens mad 'cause I'm prettier than they is  
An old man, when they ask what you did when you was young  
You'll say you hated Chino XL and carried a real big gun  
(No more starvin') I seen more evolution than Charles Darwin  
Mental revolution with physical attributes of Tarzan  
I fold more papers than origami, playing you like Stymie  
I'm feeling like an autograph, so many dream of signing me  
Vocab extensive and glossy  
Expose a flow so expensive it could drain a small Latin country's economy  
Commit a verbal sodomy with a dime on Sodom who shot at me(?)  
Rappers claiming original, but sounding just like Nas to me  
Odds are getting dropped my me, high like Pras in Haiti's  
Rips fully laced like Madonna wardrobe in the '80s  
Museum is where they place these on the mount  
You can hate me now, but you'll write with your left hand like Steve Stoute  
Shut your mouth

[Chorus]

[Verse 2]

Yo, hey Detroit! Show me some love  
Straight out of Jersey to the Slum Village  
I lyrically pillage at a high percentage  
And you critics keep your mouths in it like you questioned by the feds  
My talent barely recognized like Kravitz without his dreads  
Sprinkle my ashes all over Big Lez after I die  
'Cause Chino been the illest since I was juvenile, ha  
I make cash money, click, go to .380, put you in torment  
Trigger finger got the realest frequent flyer mileage on it  
I'm coming in the club, keep women pulling on my clothes, froze  
I'm the lyrical debt, everyone I C-E-Os/see-he-owes  
The illest of flows they fear, 'cause no rapper could stop me  
I'm putting their careers on life support like Jody Watley's  
I'm tired of S-curly, guest appearances and wack tours  
You should've named your last album "What The Fuck For?"  
I hope you ain't spitting them tough writtens out your mouth  
Stay quiet like you Shan when KRS was in the house

Don't say a word

[Chorus]

[Verse 3]

I been rhyming since 1986, when R&B wasn't feeling us  
No rap on Soul Train, motherfuck Don Cornelius  
Now they all loving us after all that we been through  
You still think I shouldn't have no beef like a Hindu?  
I listen and laugh at your CD with my crew  
Sound like being a fake me is better than being a real you  
(Yo, is that it?) Hell naw, nigga, got more to tell  
I ain't feel your albums like I swam in Orajel  
XL an artist you can't control  
Have MCs changing release dates like they're prisoners denied parole  
Yeah, I used to rock for props and not the dollar amounts  
Climbed the ladder of success leaned against the wrong house  
Fake criminals, you so unfortunate  
Only bid you ever did was on my old Lexus after I auctioned it  
See me in the street and, straight bitch up  
Keeping they mouth closed like they lips stitched up  
Don't say a word

[Chorus 2x]

Shhhh...
