

## The Truth

Chip tha Ripper

"All I'm offering is the truth"  
Every man for himself  
On my own, I don't need no help  
Shout-out to all those who showed me love  
Shout-out to all you hoes who hate on us  
You see me throw two fingers up, we up in here  
Free my nigga Stakes, feel like he got a hundred years  
Fluoride in our tap water  
That's what Hitler used to keep the Jews dumber  
Real talk: you can look it up  
Look how long we had Google, niggas still dumb as fuck  
Look around, we the freshest niggas here  
I wish a lot of niggas disappeared...  
I'm from Cleveland, ain't no bitches here  
And if it is, I bet they won't survive through the year  
Everthing you made the last two years, I made this  
month  
And if you ask me, I ain't ballin - I'm still coming  
up...

Pray to God I never have to let this 40 bust mane  
I don't give a fuck cause they don't give a fuck about  
us, mane  
I'm a let my nuts hang, won't pull up in no Mustang  
I pull up in the look at that, damn, what the fuck,  
mane  
He gonna get his chump change until his shit add up  
My nigga suffered like 20 years of bad luck  
But, some things happen for a reason  
Like when I'm with your bitch at the 4 Seasons  
Fuck the law, I'm still standing strong  
Just because it's illegal don't mean it's wrong  
Shout out to every hood  
And them colors where I'm from, we bang for our hood  
St Clair in this bitch, ho  
Hope you copy that or Roger that or 10-4  
Don't let a Cleveland nigga ever feel disrespected  
Kill the messenger to send a message
