

Earthquake

Chixdigg!

Whenever I'm around you're never really happy
Everything I ask you ends up really snappy
You're always walking round, stumble on the floor
Cause you don't wanna be with me no more

It's like an earthquake, earthquake
Whenever we're together

It's like an earthquake, earthquake
Whenever we're together

Earthquake, earthquake
Whenever we're together

Earthquake, earthquake
Whenever we're together
