

Jimmy The Con

Chixdiggit!

First time I got to vote
You and me shared a rye and coke
You camapigned
You shook hands at the Crow

It's a shame you didn't win
Would have been a better place if you got in
Despite what they say
You belonged in a cage

Jimmy the con
Jimmy the con
Jimmy the con

People say you got one kid
For each of the seventy years you lived
And just as many wives
Who didn't know about each other

And all the girls under your spell
Do you spend all your rotten life in jail
Now you're gone
Now you're gone
