

Van Horne

Chixdiggit!

You and your friends are smoking in the hall, the hall
I never thought you'd talk to me at all, at all
Our eyes met by the auto shop, the shop
Then we went and hung out at the mall, the mall
We talk till i'm blue in the head cuz we as well be dead
We talk till i'm blue in the head Van Horne
We talk till i'm blue in the head Van Horne
We talk till i'm blue in the head Van Horne

You and your friends are smoking in the hall, the hall
I never thought you'd talk to me at all, at all
Our eyes met by the auto shop, the shop
Then we went and hung out at the mall, the mall
We talk till i'm blue in the head cuz we as well be dead
We talk till i'm blue in the head Van Horne
We talk till i'm blue in the head Van Horne
We talk till i'm blue in the head Van Horne
