

## Long Live Love

Chris Andrews

Venus must have heard my plea  
She has sent someone along for me

I have waited a long long time  
For somebody to call mine  
And at last he's come along  
Baby, ah, nothing can go wrong

We meet every night at eight  
And I don't get home till late  
I say to myself each day  
"Baby, ah, long, long live love"  
Uh-huh!

True love must be the greatest thing  
I know now; I sing and sing  
Of the moon and stars above  
How I longed to be in love

We meet every night at eight  
And I don't get home till late  
I say to myself each day  
"Baby, ah, long, long live love"  
Uh-huh!

Now, of one thing I'm more than sure  
Since love's come, I don't want more  
Than to kiss him every night  
'N make everything all right

We meet every night at eight  
And I don't get home till late  
I say to myself each day  
"Baby, ah, long, long live love"  
Uh-huh!

We meet every night at eight  
And I don't get home till late  
I say to myself each day  
"Baby, ah, long, long live love"  
Uh-huh!

Long, long live love
