

# Come Now Our King

Chris August

Bethlehem turns in tonight  
A town led up by candle lights  
All the children tucked in tight  
Bethlehem turns in tonight

The Angels start their whispering  
About the one they're welcoming  
No one knows what's soon to be  
Angels start their whispering

[Chorus:]  
They sing glory  
In the highest  
Come now our king  
We've been  
Waiting  
Come now our king

Silence falls  
Yet once again  
Shepherds leave for Bethlehem  
Baby's cry soon welcomes them  
Silence falls yet once again

[Chorus:]  
They sing glory  
In the highest  
Come now our king  
We've been  
Waiting  
Come now our king

Glory oh glory  
You came here to save  
Oh Lord we've been waiting so  
Come now our king

Now my night has turned to day  
An empty manger, empty grave  
Baby born so I could say  
Now my night has turned to day

[Chorus:]  
Oh oh  
We sing glory  
In the highest  
Come now our king  
We've been  
Waiting  
Come now our king  
Oh oh  
Come now our king
