

Faithfully

Chris August

You draw me cause You're holy
Your light will never fade
Even when I run You know the way
To guide me home to You
And love me faithfully

Nothing could compare to the gift You gave
A love that ever shines through the lives You save
Your word, it never fails to help me see
God, You've always loved me faithfully

I'll follow where You lead me
I pray I'll learn Your ways
Even when I run You know the way
To guide me home to You
And love me faithfully

With our sins wiped away by the blood on the cross
And our lives have changed from the Son that You lost
You're always there to guide me home to You
And love me faithfully
