

Little Lovin' Left To Do

Chris August

So just the other day I was stuck in line.
Staring off in space, some things were on my mind.
Then she walked right by. I swear I fell in love.
Just in a moments time, I knew she was the one.

But my nerves came fast and my words too slow.
She walked on by.

But I ain't never found someone that I can't let go.
I've never had the feeling that you have when you know.
That one sure thing, so real and so true.
Guess that I've got a little lovin' left to do.

So there I was again on a different day,
Walkin' down the street a couple blocks away.
And then this girl appeared I'd never seen before.
She must be right for me, someone I can't ignore.

But my nerves came fast and my words too slow.
She walked on by.

So I ain't never found someone that I can't let go.
I've never had the feeling that you have when you know.
That one sure thing, so real and so true.
Guess that I've got a little lovin' left to do.

When will I find my someone?
Will I have the heart to tell her every line that I
have played in my head, waiting for this day?

I don't wanna have to say (no, no, no, no)

That I ain't never found someone that I can't let go.
I've never had the feeling that you have when you know.
That one sure thing, so real and so true.
I guess that I've got a little lovin' left,
I guess that I've got a little lovin' left,
I guess that I've got a little lovin' left to do.

Little lovin' left to do
(yeah)
(woah)
