

# You And I

Chris August

Put your smile on  
Today is gonna save us  
Let the bridge down  
The sun is gonna wake us

'Cause somebody's been  
Messing around with me  
And I don't know  
But I'm, I'm thinking maybe

We can run into summer, the hotter weather's  
Always cool when we're together  
The sun is brighter when it shines from the sky  
Down to you and I, down to you and I  
It's brighter when it's you and I  
You and I

Let the music play  
It's time to start the dancing  
Sound the new day  
'Cause it's time to take some chances

When somebody's been  
Messing around with you  
Grab your shoes  
'Cause I was thinking maybe

We can run into summer, the hotter weather's  
Always cool when we're together  
The sun is brighter when it shines from the sky  
Down to you and I, down to you and I  
It's brighter when it's you and I

On the road, just living life  
With dreams as big as the Texas sky  
Like a summer breeze in warm July  
There's you and I

Somebody's been  
Messing around with us  
I don't know  
But I'm thinking maybe

We can run into summer, the hotter weather's  
Always cool when we're together  
The sun is brighter when it shines from the sky  
Down to you and I, down to you and I  
It's brighter when it's you and I  
You and I, you and I
