Hol' up  
Tell me what you want tonight  
What you got for me to try?  
Baby, what you want to do tonight?  
What you got for me to try?  
OG Parker

Should I hit it down? (Ayy)  
Pull up at the strip (Skrirt, skrirt, ayy)  
Fuck up a check, yeah  
Show 'em how I live, yeah  
Link on my neck (Link on my neck), I got 'em on deck (I got 'em on deck)  
They didn't know you already at the crib  
'Cause you nasty, babe  
You do everythin' I like  
But you classy, babe  
And you swear that's my type  
Oh, you nasty, babe  
You do everythin' I like  
Yeah, you nasty, babe  
You nasty, baby  
Frequency, you freaky when we in the bed  
Yoga, that pilate body, shawty, yeah  
I can spot your curves with no infrared  
Level to me, baby, open up my third eye  
That's my baby, she woke  
She my little chicko  
When I'm with her, we go  
About my light  
And the way that she go  
Now wherever I go  
I look around and the covers soaked, right

Green, rolled up in leaves  
Yeah, love mode, ring  
Purple like, like a beam  
I'm dreaming, indigo  
Baby, what you wanna do tonight? (Yeah, yeah, ayy)  
What you got for me to try? (Baby, ah)  
We ain't let this shit fuck up our vibes, no  
Pussy fire, it's a vibe, times here

'Cause you nasty, babe  
You do everythin' I like  
But you classy, babe  
And you swear that's my type  
Oh, you nasty, babe  
You do everythin' I like

I'm dreaming, indigo (Ow!)

I start believing we don't die (No, we don't)  
So many questions, don't know why-y-y  
I think I know you might be my other life  
When I'm with you, I feel alive  
(Baby girl, you're open)

Open up my third eye (Ayy)  
That's my baby, she woke (Ooh)  
And she my little chicko (Whoa)  
When I'm with her, we go (We go)  
About my light  
And the way that she go (Ooh, yeah)  
Now wherever I go (Ooh)  
I look around and the covers soaked, right

Green, rolled up in leaves (Oh)  
Yeah, love mode, ring (Ooh, no no)  
Purple like, like a beam (See what that purple like)  
I'm dreaming, indigo
