

# Just Fine

Chris Brown

Hey, mmm, hey  
Oh girl, oh girl

We did everything we could do  
To try make it work  
We did, we did, babe  
Baby, you look so confused  
'Cause it feels like there was no way we could lose  
No way, no way, babe

Baby, I just don't know why I can't find  
The things you need in me  
I can't, I can't, girl  
Baby, they know just what to say  
They tryna break us away from one another  
But maybe they're right for a change

I think God will give you someone  
Much better than me  
Trust me, your eyes will be okay  
It will be alright  
You'll be just fine  
Just fine, just fine  
I know that, baby

We would disagree constantly  
On the basic things  
We did, we did, babe  
You thought that there was  
Someone else all along  
No way, no way, babe

Baby, I want to decide to stay right  
By your side  
I can't, I can't, girl  
Baby, they know just what to say  
They wanna keep us away from one another  
But maybe they're right for a change

I think God will give you someone  
Much better than me  
Trust me, your eyes will be okay, okay  
Alright, alright just fine  
Just fine, I know, baby

Baby, baby, can't you see that  
Another fella just may be the  
Kinda of man that you need?  
You deserve it and I know that

I know when other love's come your way  
Just listen to me when I say  
You'll find him  
Be patient loves coming

I think God will give you someone  
So much better than me

Trust me, your life will be okay  
It'll be alright, it'll be just fine  
Oh no, just fine 'cause I know that, women

I think God will give you someone  
Someone better than me  
Trust me, girl, no more pain  
Okay, no more pain, alright  
It will be just fine, oh

Hey, hey, hey  
You ought to know why I'm so sure
