

# love More

Chris Brown

You say all you need is consistent love  
When I try I swear it's never enough - I messed up  
Maybe this thing here just ain't meant for us  
Baby you let go and I pull you back  
I let go, you ain't having that

We do it like we rock stars  
Sexing in my hotel room, I be so loud  
Higher than a smoke cloud  
Shades on doing 95 with the top down  
I might sound crazy  
Cause we be going back and forth  
One minute I hate you, and I love you  
That's just how it is

'Til we get it right we gon' fuck some mo' ('til we get it)  
I'mma get it (I'ma get it), 'til we get it ('til we get it)  
'Til we get it right we gon' fuck some mo' (Im'a get it)  
I'mma get it ('Til get it), 'til we get it (Im'a get it)

Why is it all so complicated  
Baby this should be simple, it's driving me mental  
But when you back it up it really drives me crazy  
And you know what I'm into, make me forget what we arguing about  
Aye

We do it like we rock stars  
Sexing in my hotel room, I be so loud  
Higher than a smoke cloud  
Shades on doing 95 with the top down  
I might sound crazy  
Cause we be going back and forth  
One minute I hate you, and I love you  
That's just how it is

'Til we get it right we gon' fuck some mo' ('til we get it)  
I'mma get it (I'ma get it), 'til we get it ('til we get it)  
'Til we get it right we gon' fuck some mo' (Im'a get it)  
I'mma get it ('Til get it), 'til we get it (Im'a get it)

Yo, he don't know me but he setting up to blow me, uh

On the low I used to holla at his homie, uh  
Fuck it, now I'm about to ride him like a pony, yeah  
Okay, thug prolly, yo come polly  
He wanna fuck a bad Dolly and pop Molly  
I hope your pockets got a muthafuckin' pot belly  
Or is it that you never ball? John Salley  
He had the Rolls in his Royce, the tone in his voice  
Don't want a good girl, now hoes is his choice  
D-D-Dick on H, pussy on W  
Mouth on open, ass on smother you  
Ass on the cover too, Elle Magazine  
Vroom, vroom, vroom, get gasoline  
Could I be your wife? Naw we could bang though  
I got these niggas whipped - call me Django

'Til we get it right we gon' fuck some mo' ('til we get it)  
I'mma get it (I'ma get it), 'til we get it ('til we get it)  
'Til we get it right we gon' fuck some mo' (Im'a get it)  
I'mma get it ('Til get it), 'til we get it (Im'a get it)
